

Capo I

Consider me gone - Reba McEntire

(G | D/F# | Em | C |)

G D
Every time I turn the conversation
To somethin' deeper than the weather //

G D C
I can feel you All but shuttin' down
And when I need an explanation
For the silence You just tell me
You don't wanna Talk about it now //

Am
What you're not saying
D
Is comin' in loud and clear
Am D
We're at a crossroads here

G D/F#
If I'm not the one thing
You can't stand to lose
Em C
If I'm not that arrow to the heart of you
G D/F#
If you don't get drunk On my kiss
Em C
If you think you can do better than this
Am
Then I guess we're done

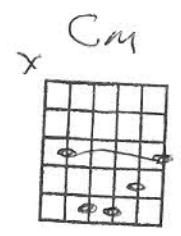

D
Let's not drag this on-
G D/F# Em C
Consider me gone

G D
With you I've always been wide open
C
Like a window Or an ocean
//
There is nothin' I've ever tried to hide
G D
So when you leave me Not knowin'
C
Where you're going' I start thinkin'

That we're lookin' We're lookin' at goodbye
 Am D
 How 'bout a strong shot of honesty?
 Am D
 Don't you owe that to me?

If I'm not the one thing
 You can't stand to lose
 If I'm not that arrow to the heart of you
 If you don't get drunk On my kiss
 If you think you can do better than this
 Then I guess we're done
 Let's not drag this on-
 Consider me gone

Consider me a memory
 Consider me the past
 Consider me a smile In an old photograph
 Someone who used to make you laugh

Solo: | G | D/F# | Em | C |

If I'm not the one thing
 You can't stand to lose
 If I'm not that arrow to the heart of you
 Then I guess we're done Let's not drag this on
 Consider me gone...
 Consider me gone...
 Consider me gone...
 Just consider me gone...
