

Your Ghost - Greg Laswell

Am G D 2/0
If I walk down this hallway tonight it's too quiet,
Am G D 2/0
so I pad through the dark, and call you on the phone:
Am G D 2/0
Push your old numbers, and let your house ring...
Am G D
'til I wake your ghost...
☺

Am G D 2/0
Let him walk down your hallway, it's not this quiet...
Am G D 1/0
Slide down your receiver and sprint across the wire,
Am G D 1/0
follow my number, and slide into my hand...
☺

Am G D Am G D Am G D
It's the blaze 'cross your nightgown, it's the phone's ring...

Am G D Am G D
I think last night you were driving circles around me..
Am G D Am G D
I think last night you were driving circles around me...
Am G D Am G D
I think last night you were driving circles around me....
Am G D Am G D 2/0
I think last night you were driving circles around me.....

Am G D 0/0
I can't drink this coffee 'til I put you in my closet.
Am G D 0/0
Let him shoot me down, and let him call me off.
Am G D
Take it from his whisper, you're not that tough...
☺

Am G D Am G D Am G D
It's the blaze 'cross your nightgown, it's the phone's ring...

Am G D Am G D
I think last night you were driving circles around me..
Am G D Am G D
I think last night you were driving circles around me...
Am G D Am G D
I think last night you were driving circles around me....
Am G D Am G D
I think last night you were driving circles around me.....
