**When I come around**  
(Green day)

I heard you crying loud all the way across town

You've been searching for that someone and it's me  
out on the prowl

As you sit around feeling sorry for yourself

Well Don't get lonely now Dry your whining eyes

I'm just roaming for the moment Sleazin' my back yard so don't get  
so uptight you been thinking about ditching me

No time to search the world around

Cause you know where I'll be found

When I come around

I heard it all before So don't knock down my door

I'm a loser and I a user so I don't need no accuser

To slag me down because I know I'm right

So go to what you like    Make sure you do it wise

You may find out that yourself doubt means nothing was ever there

you can't go forcing something    if it's just not right

No time to search the world around

Cause you know where I'll be found

When I come around

(solo...)

No time to search the world around

Cause you know where I'll be found

When I come around
